

Service Charter Guide 2025

Dear Customer,

This document, issued by SACAL in accordance with Italian regulations and whose contents are verified by the National Agency for Civil Aviation, contains useful information about the services provided by Lamezia Terme Airport, with news on quality levels and initiatives to improve passenger satisfaction.

Lamezia Terme Airport has been monitoring the quality of its services for many years now and publishing its service charter for twenty-six years.

In 2024, Lamezia Terme Airport recorded a mild decrease in the number of passengers and number of flights, respectively around 2,710,000 and equal to 23,843, between landings and take-offs.

Scheduled domestic traffic has been centered on the airports of Milan (Linate and Malpensa), Rome, Bergamo, Turin, Bologna, Genoa, Pisa, Perugia, Venice, Verona and Bolzano.

International scheduled flights were primarily concentrated in the summer months with destinations to Basel, Brno, Brussels, Cologne/Bonn, Dusseldorf, Frankfurt, Geneva, Hannover, Innsbruck, Kalamata, Karlsruhe/Baden-Baden, Katowice, Krakow, London, Luxembourg, Malta, Memmingen, Mosnov, Munich, Nuremberg, Prague, Salzburg, Stuttgart, Tirana, Valencia, Vienna, Wroclaw and Zurich, as well as the intercontinental connection with Toronto.

For 2025 additional links with European cities are foreseen.

With regard to the improvement of airport services, in 2024 we worked inside the terminal, inaugurating a new boarding hall (gates 1-5), installing additional LED walls, which provide flight information and other advertising content, and starting improvement works in the baggage claim areas.

We have also renewed the commercial offer, expanding the duty free and equipping the new boarding lounge with an additional bar in the boarding area.

Outside, we have improved the road signs in front of the airport and the pedestrian paths between the terminal and the aircraft parking areas.

To learn more about Lamezia Terme Airport and our company, please consult this brochure, where we also explain how to give us feedback and suggestions.

We hope the improvements introduced so far and the ones we plan to implement in the near future meet your passenger expectations as we sincerely wish you a nice trip, on behalf of all SACAL staff.

----------------------	-------

WHO IS SACAL

S.A.CAL. S.p.A., Calabrian Airport Company, is the managing company of Lamezia Terme, Reggio Calabria and Crotona Airport, entrusted, under the control and surveillance of ENAC (National Agency for Civil Aviation), with the task to manage the airport infrastructure, in accordance with criteria of transparency and nondiscrimination, and to co-ordinate and control the activities of private operators working in the airport, maintaining adequate standards of service and airport safety.

SACAL is a joint stock company with 87,98% of its shares held by public bodies and the remaining 12,02% by private investors.

SACAL's **mission** is to manage, develop and promote airport activity in accordance with safety and environmental standards, ensuring the maximum efficiency of the airport structure, performing the duties arising from the new regulatory framework and guaranteeing the quality of service expected by customers, designing and implementing expansion plans, and modernizing infrastructure with the aim of increasing productivity and profitability, while contributing to the socioeconomic development of the territory.

Implementing the provisions of article 705 of the Navigation code stated for any **airport managing company** and respecting the obligations undertaken with ENAC, SACAL performs the following activities at Lamezia Terme airport:

- ✓ It organizes airport activities in order to ensure the efficient and optimal use of resources for the delivery of services of adequate quality.
- ✓ It plans and coordinates the infrastructure development of Lamezia Terme Airport, in relation to the type of traffic.
- ✓ It provides users with the necessary ground handling services, directly or by coordinating the activities of parties eligible to supply these services.
- ✓ It assigns the apron stands to aircrafts and ensures the orderly movement of other vehicles and personnel on the same apron, so as not to interfere with aircraft handling, verifying compliance with the applicable rules by private providers of airport services and, in case of non-compliance, it asks ENAC to apply the appropriate sanctions.
- ✓ It checks the safety of flight infrastructure and informs the competent authorities and stakeholders on possible reductions in the level of service or risk conditions occurring for air navigation within airport boundaries.
- ✓ It ensures the security check of departing passengers, baggage and cargo, plus the handling of lost items.
- ✓ It publishes the Service charter, in accordance with the directives issued by the Ministry of Infrastructure and Transport and by ENAC, and ensures compliance to the planned level of quality of service delivered to users.

Besides, it guarantees the following services:

- ✓ Maintenance and cleaning of airport infrastructure.
- ✓ Management of car parks.
- ✓ Grant to third parties of space within the airport.
- ✓ Management of commercial and advertising services.

FLYING IN LAMEZIA

Lamezia Terme Airport connects Calabria with numerous locations in Italy and abroad, with both scheduled (S) and charter (C) flights. Below are the destinations proposed by the Carriers, which could be however subject to variations:

Altenrhein (C)
Basel (S)
Bergamo (S+C)
Billund (C)
Bologna (S)
Bolzano (S)
Breslavia (S)
Brno (S)
Bratislava (C)
Brussels (S+C)
Bucarest (S)
Charleroi (S)
Cologne/Bonn (S)
Düsseldorf (S+C)
Frankfurt (S)
Genoa (S)
Geneva (S)
Hahn (S)
Hannover (S)
Innsbruck (S)
Karlsruhe/Baden-Baden (S)
Katowice (S+C)

QUALITY IN SACAL

For some time now SACAL has undertaken the path of quality for the continuous improvement of services provided and for the growth of its results in terms of efficiency and effectiveness.

This process prompted SACAL, first in Calabria among airport managing companies, to issue its first edition of the Service Charter in 2000.

In 2002 SACAL achieved the goal of certifying its Quality System in accordance with ISO 9001. Subsequent audits conducted by the prestigious TUV agency have always confirmed SACAL's certification, with praise for improvements introduced and staff motivation. From 2017 SACAL Quality System is certified in accordance to the last version of the standard.

To successfully establish itself in the new role of sole managing company of Lamezia Terme Airport, while delivering high-quality services, results and productivity, Sacal is focusing on the efficiency and competitiveness of handling services, measuring quality provided and perceived, improving comfort and commercial services in the air terminal, constantly updating the corporate structure with a strong focus on staff training, efficiency and airport functionality while improving reception and reducing the impact on the environment.

THE AIRPORT AND THE ENVIRONMENT

According to the regulations of Lamezia Terme Airport, all airport parties are required to limit the environmental impact of airport activity through practices of low emissions and proper storage and disposal of waste products.

As for whitewater, SACAL ensures water treatment for the runway, taxiways and aprons with special oil extraction systems. On the other hand, the sewer flows into the sewage treatment plant that serves the entire airport.

As for the radioactive sources of the security control devices, SACAL ensures the necessary nuclear surveillance activities, through enabled external experts, fulfilling all relative legal obligations. Any other sources that may transit through Lamezia Terme Airport, are temporarily stored, by cargo operators, in controlled and clearly identified areas, within casings that guarantee safety.

Up to now, all the environmental parameters monitored in the airport are much lower than the thresholds provided for by law.

Inside the air terminal, at the aprons and at airport streets, SACAL has installed new LED lighting equipment that allows significant reductions in electricity consumption, plus lower environmental impact. Other important works for environmental protection are provided by our next investment plan, which includes the construction of a plant for the production of energy from renewable sources.

In the passenger terminal halls, waste is separated since 2016, with very good results.

MONITORING THE QUALITY OF THE SERVICES IN THE AIRPORT – SUMMARY RESULTS

In order to promote the improvement and to prevent inefficiencies, SACAL constantly monitors many parameters (quality indicators), that give a precise image of the quality of the offer, both objective and perceived. With the aim of influencing positively on quality factors and then on customer satisfaction, actions are formulated and adopted on the basis of a thorough analysis of the collected data and benchmarking with the best Italian airport experiences.

The monitoring of quality indicators is achieved by measuring the actual events (assessment of quality provided) or perceptions (survey on the perceived quality).

The set of indicators and the relevant monitoring standards meet the criteria, valid for all Italian airports, agreed between ENAC (National Civil Aviation Authority), Assaeroporti and representatives of airlines, handlers, tour operators and consumer associations.

The Service Charter is checked and approved by ENAC before publication.

For what concern the performance of SACAL during 2024, the results obtained allow us to state that the quality of services at Lamezia Terme Airport is almost always high, with an overall improvement compared to 2023.

The satisfaction expressed by passengers in 2024, with percentage almost always higher than 90%, confirms that the quality perceived is generally high.

The assessments on the security aspects, on the regularity of the services, on cleaning services, on comfort in the airport, on bars/restaurants, on smoking areas, on customer information and on all assistance services for PRM, with values above 95%.

Compared to 2023, in 2024 there was a significant increase in satisfaction ($\geq 5\%$) with cleanliness and functionality of toilets, air conditioning systems, charging stations for mobile phones and laptops, shops/newsstands.

There was a similar lower appreciation only for the indicators relating to check-in waiting time (100% in 2023) and city/airport connections, the latter penalized by some cancellations and delays of scheduled buses and by the fact that the regional bus stop is now 200 meters from the passenger terminal.

As regards the quality provided, most indicators have reached the service levels promised for the year 2024. Only for three indicators regarding waiting times (disembarkation time, waiting time at check-in and waiting time at security check) the waiting time was slightly higher than the objectives.

QUALITY INDICATORS – RESULTS AND TARGETS

Hereafter are released results achieved in the year 2024 and our commitments for the year 2025, formulated on the basis of what succeeded together with our improvement plans for the current year. In several cases, the value of commitment for 2025 is lower than the result achieved in 2024. This is justified by the fact that the operational situation of 2025, with an estimated increase in traffic of over 250,000 passengers and some construction sites, both on the airside and on the landside, will lead to greater difficulties in obtaining optimal performance.

TRAVEL SAFETY

For many years we have recorded an excellent level of passenger satisfaction with the service offered to departing passengers. SACAL has got special equipment for the control of liquids for medical purposes or special diets (including baby food); besides, SACAL keeps all the control equipment constantly updated. Since 2018 a fast-track lane is available for those passengers who want to reduce waiting. In 2024 we have increased the number of available stations for hand baggage checks and new generation equipment for checking hold baggage.

INDICATOR	UNIT OF MEASURE	RESULT 2024	TARGET 2025
Overall perception of people and hand baggage security-check service	% satisfied passengers	99,7%	98%

PERSONAL AND PROPERTY SAFETY

Passengers definitely appreciate our airport security.

INDICATOR	UNIT OF MEASURE	RESULT 2024	TARGET 2025
Perception level of personal and property safety at the airport	% satisfied passengers	99,8%	98%

REGULARITY OF SERVICE

Even in 2024 customers have openly declared themselves satisfied with the regularity of service, despite many delayed flights (most of them due to delays of incoming flights). The number of mishandled bags on departure from our airport remains at irrelevant value. Passengers disembarking and baggage claim waiting times remain at very low levels

INDICATOR	UNIT OF MEASURE	RESULT 2024	TARGET 2025
Overall punctuality of departing flights	% of punctual flights / Total departing flights	66.4%	67%
Total mishandled baggage departing	N° mishandled baggage / 1000 passengers departing	0.1‰	0.2‰
Delivery of the first piece of baggage from the aircraft block	Delivery in 90% of cases	17'08"	17'30"
Delivery time last bag from the aircraft block	Delivery in 90% of cases	23'32"	25'
Waiting time on plane for first passenger disembarkation (Time between aircraft block and beginning of disembarkation)	Waiting time in 90% of cases	5'05"	5'
Overall perception of regularity and punctuality of airport services	% satisfied passengers	98.1%	98%

CLEANING AND SANITATION

In 2024 passenger ratings were very satisfactory. We have opened a new block of toilets serving the new boarding hall and increased those in the baggage claim area. Resources for cleaning have been strengthened, permanent cleaning staff have been established at times of greatest traffic and the control over the service has been intensified.

Some inconvenience may occur in 2025 due to the presence of construction sites in the airport.

INDICATOR	UNIT OF MEASURE	RESULT 2024	TARGET 2025
Perception level of cleanliness and functionality of toilets	% satisfied passengers	97.2%	90%
Perception level of cleanliness inside the air terminal	% satisfied passengers	99.0%	95%

COMFORT DURING AIRPORT STAY

The overall assessment of the passengers about the comfort offered by our airport was certainly positive.

In 2024, a new building was inaugurated as a boarding area, with more comfortable spaces and higher quality levels.

The availability of luggage trolleys largely satisfies passengers, who also appreciate the passenger transfer systems, thanks also to the large panoramic lift located in the terminal hall.

The new boarding hall is equipped with excellent climate comfort.

INDICATOR	UNIT OF MEASURE	RESULT 2024	TARGET 2025
Perceived availability of baggage trolleys	% satisfied passengers	98.9%	98%
Efficiency perception of passenger transfer systems	% satisfied passengers	98.9%	98%
Perception of climate control efficiency	% satisfied passengers	95.3%	93%
Overall perception level of comfort	% satisfied passengers	98.5%	98%

ADDITIONAL SERVICES

In the boarding area of the terminal, a large duty-free shop, recently expanded, a pastry shop and a bar are available in the transit area after security checks, while other three bars are placed next to the gates nr. 3 (new), 6 and 10.

Other shops, bar with successful pastry shop, a pizzeria / diner, a parapharmacy and a news stand are available in the main lobby.

On the upper floor there is a cozy restaurant, equipped with a coffee point and a wide self-service area.

In the outdoor area, next to the shuttle bus stop for railway station, there is a snack bar, with tables inside and in the garden. Under the large arcade of the terminal, some assistance points for tour operators are active in the summer.

Many companies offer car rental services. The offices are in front of the terminal, a few meters away.

Free Wi-Fi service and numerous charging stations for mobile phones and computers are available in the terminal, thanks to the increase made in 2024.

Inside and outside the terminal, vending machines for drinks and snacks are positioned.

Finally, the boarding lounge has a smoking area, which is located immediately after security checks.

INDICATOR	UNITA OF MEASURE	RESULT 2024	TARGET 2025
Perception on the Wi-Fi connection in the terminal	% satisfied passengers	91.9%	94%
Perception of the availability of mobile and laptop charging stations in common areas	% satisfied passengers	74.4%	75%

Time compatibility bar opening hours with the airport opening	% flights arriving / departing compatible with the opening hours of bars in the respective areas	100%	100%
Perception of adequacy of smoking rooms	% satisfied passengers	97.3%	97%
Perception of availability, quality and prices of shops and newsagents	% satisfied passengers	90.8%	88%
Perception of availability, quality and prices of bars and restaurants	% satisfied passengers	97.0%	96%
Perception on the availability of supplied machines for drinks / snacks	% satisfied passengers	91.5%	90%

INFORMATION SERVICES TO THE CUSTOMERS

Our website, updated in content and graphics and accessible for different types of disabilities, obtained very satisfactory reviews in 2024. By connecting to www.sacal.it/it/lamezia-terme, you can find real-time updates on flight times, as well as all the information on our airport, including information on special assistance.

New large monitors have been installed in the terminal hall and in the boarding area, which show flight times and other useful news and information for passengers. Furthermore, an info-point manned by SACAL personnel is available in the arrivals waiting area.

As it has been for several years, the ratings also reward the behavior of our staff, with always excellent judgments.

Overall, information services for the customers are highly valued by passengers at our airport.

INDICATOR	UNIT OF MEASURE	RESULT 2024	TARGET 2025
User-friendly and updated website	% satisfied passengers	96.1%	96%
Efficacy perception of operating information points	% satisfied passengers	98.7%	96%
Perception of clarity, comprehensibility and effectiveness of the internal signage	% satisfied passengers	99.2%	98%
Perception of staff professionalism (info-point, security)	% satisfied passengers	99.8%	98%
Overall perception of effectiveness and accessibility of public information services (monitor, announcement, signage)	% satisfied passengers	99.1%	98%

COUNTER/CHECK-POINT SERVICE

Check-in times can be long as a result of security procedures adopted by the Carriers and the fact that activities which in the past were absorbed by the ticket office (no longer active at Lamezia) are now carried out at check-in.

However, passengers' opinions are almost always positive.

As regards waiting times at security checks for departing passengers, in the first half of 2024 a worsening had been recorded, for which reason the control stations were increased.

INDICATOR	UNIT OF MEASURE	RESULT 2024	TARGET 2025
Waiting time in the queue at check-in	Waiting time in 90% of cases detected	20'11"	20'
Perception of waiting time in the queue at check-in	% satisfied passengers	94.7%	96%
Waiting time in the queue at security checkpoints	Waiting time in 90% of cases detected	4'56"	4'

MODAL INTEGRATION

In 2024, the opinion on road signs, which in the airport area also has indications in English, was in line with expectations.

The appreciation value for the connections between the airport and the main Calabrian destinations has further worsened, despite the efforts made by the Calabria Region, which has numerous scheduled buses transiting every day through our airport, which has become one of the hubs for intra-regional transport.

The result was penalized by some cancellations and delays of scheduled buses and by the fact that the regional bus stop is now further away from the passenger terminal.

INDICATOR	UNIT OF MEASURE	RESULT 2024	TARGET 2025
Perception of clarity, comprehensibility and effectiveness of outdoor signs	% satisfied passengers	94.4%	93%
Perceived adequacy of city / airport connections	% satisfied passengers	30.0%	40%

QUALITY OF SERVICES FOR PASSENGERS WITH DISABILITIES OR REDUCED MOBILITY

With the GEN-02B Circular, ENAC has defined quality indicators to be monitored for the services provided by the airport management companies in favor of “passengers with disabilities or reduced mobility” (PRM). Even in this case, the monitoring of the indicators is performed by means of a measurement of concrete events (monitoring on the quality offered) or perceptions (survey on the perceived quality). The following indicators attest to the qualitative results achieved by the service provided in 2024 by SACAL to PRM using Lamezia Terme airport for their journeys.

EFFICIENCY OF SUPPORT SERVICES

Waiting times for assistance were well contained in 2024 too. For all indicators, both the achieved and the promised values are far better than the targets set by Doc. 30 ECAC.

SACAL recommends passengers and carriers to arrange for the reservation of assistance in advance. The passengers should request assistance from the airline, travel agency or tour operators when booking the flight or, at the latest, 48 hours before departure, to allow the airline to notify the airport at due time.

INDICATOR	UNIT OF MEASURE	RESULT 2024	TARGET 2025
For PRM departing with pre-notification: waiting time to receive the assistance, by one of the designated points of the airport, in the case of pre-notification	Waiting time in 90% of cases	2'54"	3'30"
For PRM departing without pre-notification: waiting time to receive assistance from one of the designated points of the airport, once notified their presence	Waiting time in 90% of cases	2'44"	4'30"
For PRM arriving with pre-notification: Waiting time on board for the landing of the PRM, after the last passenger disembarkation	Waiting time in 90% of cases	2'41"	4'
For PRM arriving without pre-notification: Waiting time on board for the landing of the PRM, after the last passenger disembarkation	Waiting time in 90% of cases	3'55"	4'30"

PERSONAL SAFETY

The airport is equipped with lifting means for landing and boarding PRM. The service also has a large park of wheelchairs of different sizes, some of which are assisted by electric motors. The vehicles and equipment are subjected to numerous tests of functionality and sanitized, according to the established frequencies.

The service dedicated to the assistance of PRM is carried out by SACAL personnel, who are periodically provided with specific training and who enjoy the total satisfaction of the users. Even airport staff not directly involved in assistance are trained to interact correctly with PRM.

INDICATOR	UNIT OF MEASURE	RESULT 2024	TARGET 2025
Perception on the status and functionality of vehicles / equipment supplied	% PRM satisfied	99.8%	98%
Perception of the adequacy of staff training	% PRM satisfied	100%	98%

INFORMATION IN AIRPORT

A system of tactile maps and routes for the blind and visually impaired is available in the terminal hall and outside, extending to public transport stops in front of the terminal.

The Braille version of the passenger rights charter is available in the Courtesy Lounge or upon request to the assistance staff.

The internal signals also highlight the services dedicated to the PRM (Courtesy Lounge, toilets).

Finally, on the airport website, which is accessible for different types of disabilities, at the page <https://sacal.it/it/services/assistenze-speciali-lamezia-terme/>, you can find all the information on special assistance, including information videos and details on the types of assistance.

INDICATOR	UNIT OF MEASURE	RESULT 2024	TARGET 2025
Accessibility: the number of essential information accessible to disabled visual, auditory and motor compared to the total number of essential information	% of essential information available on the total number of essential information	100%	100%
Completeness: the number of information and instructions relating to the services offered, available in an accessible format respect to the total number	% information / instructions, on services in accessible format on the total number	100%	100%
Perception of efficacy and accessibility of information, communications and air terminal internal signage	% PRM satisfied	100%	98%

COMMUNICATION WITH PASSENGERS

SACAL assistance can be contacted by phone every day and has a dedicated e-mail address. The rapidity of response to requested information is guaranteed by constant monitoring of employees.

SACAL received only one complaint for services to the 41,827 PRM assisted in 2024.

INDICATOR	UNIT OF MEASURE	RESULT 2024	TARGET 2025
Number of responses provided within the stipulated time than the total number of information requests received	% responses in times stated on the total number of requests	100%	100%
Number of complaints received compared to the total traffic of PRM	% Complaints received on the total of PRM traffic	0,02%	0,05%

COMFORT IN AIRPORT

The room dedicated to the first reception of the PRM is in the check-in area, just before the security checks. An area reserved for PRM with a dedicated gate is available in the boarding lounge.

The toilets for PRM are available in all the common areas of the airport and near the Courtesy Lounge.

On the platform in front of the terminal are two active columns with video intercoms for assistance. From the airport parking you can contact the dedicated staff by telephone, dialing 0968.414420.

There are 36 stands reserved for PRM in the parking areas.

INDICATOR	UNIT OF MEASURE	RESULT 2024	TARGET 2025
Perception of the efficacy of assistance to PRM	% PRM satisfied	100%	98%
Perception of the level of accessibility and usability of airport infrastructure: parking, intercoms call, dedicated rooms, toilets, etc.	% PRM satisfied	99.6%	98%
Perception of spaces dedicated to PRM rest	% PRM satisfied	100%	97%

RELATIONS AND BEHAVIOUR

Finally, PRM feedback on SACAL assistance staff is definitely positive.

INDICATOR	UNIT OF MEASURE	RESULT 2024	TARGET 2025
Perception of staff courtesy (info-point, security, Special Care Program staff)	% PRM satisfied	100%	98%
Perception on professionalism of staff dedicated to special assistance to PRM	% PRM satisfied	100%	98%

HOW TO CONTACT SACAL

Suggestions, complaints and reports help SACAL implement its quality of service improvement policy.

For this reason, we are happy to receive your suggestions and complaints, promising to handle reports in compliance with UNI 10600, providing explanations and answers in writing, within 30 days.

To contact us directly and as quickly as possible, our e-mail address infopoint.suf@sacal.it is at your disposal.

If you prefer to communicate with SACAL by mail, you can write to the following address:

S.A.CAL. S.p.A.
Direzione Generale
c/o Aeroporto Civile Internazionale
88046 Lamezia Terme (CZ) – ITALY

Please specify your name and contact information, so as our staff can contact you for necessary explanations or answers.

In this issue and at the air terminal information desk, you can find the appropriate forms for suggestions, comments and complaints. Our staff will be happy to assist you in completing forms. Once completed, the forms may be submitted to our employees or mailed.

Annual complaint data received by SACAL are shared with any party requesting them and are made available at our offices.

Complaints regarding assistance to PRM at the airport:

We invite you to communicate any complaints to SACAL by ordinary mail or by e-mail to the following address: infopoint.suf@sacal.it.

In the event of any failure to respond from SACAL within 6 weeks of sending the complaint or in the event that the same is not deemed adequate with respect to the provisions of the EC Reg. 1107/2006 (rights of the PRM), the complaint can be forwarded to ENAC (Italian Civil Aviation Authority) through the online form or the other methods specified on the institutional website www.enac.gov.it for ascertaining a possible violation of EC Reg. 1107/2006, only for sanctioning purposes.

Any claims regarding flight disruptions must be submitted to the airline you travelled with, having signed with them a contract of carriage. Each company has its own procedures for handling such requests, which we suggest you check before travelling.

Complaints in the event of denied boarding, flight cancellation or long delay:

In the event of no response from the airline or in the event that the same is not deemed appropriate, the complaint may be forwarded to ENAC for the verification of a possible violation of EC Regulation 261/2004, for sanctioning purposes only, through the appropriate online forms available on the institutional website www.enac.gov.it.

Complaints regarding assistance to PRM on board the aircraft: In the event of no response from the airline or in the event that it is not deemed appropriate, the complaint can be forwarded to ENAC

for the verification of a possible violation of EC Reg. 1107/2006, for sanctioning purposes only, through the appropriate online forms, available on the institutional website www.enac.gov.it.

Regardless of the complaint and its sending to ENAC, in case you feel the reply received unfavorable to you or not completely satisfactory, you can file an application with the competent judicial authorities towards the Carrier or the Airport Operator.

Furthermore, if you have suffered disruptions due to violations of EC Regulation no. 261/2004 for cases of denied boarding, flight cancellation or prolonged delay, or EC Reg. n. 1107/2006 regarding the protection of passengers with disabilities or reduced mobility, you can attempt conciliation (ADR - Alternative Dispute Resolution) through the ConciliaWeb platform on the website of the Transport Regulation Authority, without prejudice to the possibility of sending reports of complaint to ENAC for sanctioning purposes only.

Information on passenger rights is available at the airport, in special displays, or on the website https://europa.eu/youreurope/citizens/travel/passenger-rights/air/index_it.htm, which you can consult if necessary.

LAMEZIA TERME AIRPORT

Lamezia Terme Airport is open 24 hours a day and is located in the middle of Calabria, with a very wide user area, that reaches beyond the regional boundary.

From the airport, owing to a favorable geographical position, it is easy to get to the main tourist destinations of Calabria.

Lamezia Terme Airport is located:

- 1 km away from the Highway A2 junction
- 2 km away from Lamezia Terme Central railway station
- 3 km away from the city of Lamezia Terme
- 8 km away from Terme di Caronte
- 30 km away from Pizzo
- 35 km away from Catanzaro
- 36 km away from Vibo Valentia and the Vibo Marina touristic pier
- 42 km away from the archaeological site of Roccelletta di Borgia
- 60 km away from Tropea
- 65 km away from Soverato
- 65 km away from Cosenza
- 80 km away from Palumbo Village ski resort (Sila)
- 90 km away from Camigliatello ski resort (Sila)
- 100 km away from Isola Capo Rizzuto
- 110 km away from Crotona
- 130 km away from Pollino National Park
- 135 km away from Reggio Calabria
- 136 km away from Aspromonte National Park
- 155 km away from the touristic pier of Sibari Lakes

HOW TO REACH THE AIRPORT

By car:

- From Catanzaro: State Route 280 (4 lanes)
- From Cosenza: Highway A2
- From Crotona: State Route 106 up to Catanzaro and State Route 280
- From Reggio Calabria: Highway A2 or State Route 18
- From Vibo Valentia: Highway A2 or State Route 18

By train:

Lamezia Terme Central Station, the main rail hub of the province of Catanzaro, is linked to the airport by bus and taxi.

By bus:

Airport is linked to some of main Calabrian cities by bus, operated by the following companies:

- Lamezia Multiservizi (tel. 0968 448610, website www.lameziamultiservizi.it): bus routes for the city of Lamezia Terme.

- Ferrovie della Calabria (customer care tel. 0961 896262 or 328 2391123, website www.web.ferroviedellacalabria.it): lines for Catanzaro, Germaneto, Catanzaro Lido, Cosenza, Rende (University of Calabria), Falerna, Vibo Valentia, Tropea, Angitola.
- Autolinee Federico (tel. 0965 644747 ext.2, website www.autolineefederico.it): lines for Locri, Soverato, Germaneto, Rende (University of Calabria).
- Bilotta Autolinee (tel. 0968 21527, website www.bilottaautolinee.it): lines for Martirano Lombardo, Nocera Terinese, Falerna, Lamezia Terme (L.T. Centrale Station, Nicastro, Sambiase), Catanzaro, Germaneto, Catanzaro Lido.
- Consorzio Autolinee TPL (tel. 0984 401468, website www.consorzioautolineetpl.it): lines for Paola, Falerna, Germaneto, Catanzaro, Rende.
- GBV (tel. 0963.94118, sito web www.gbvsrl.it/gbvautolinee/): lines for Vibo Valentia, Lamezia Terme (L.T. Centrale Station), Catanzaro.
- Genco Bus (tel. 0963 41741, website www.gencobus.it): lines for Vibo Valentia, Angitola, Lamezia Terme (L.T. Centrale Station), Catanzaro.
- Gruppo Romano (tel. 0962 21709, website www.autolineeromano.net): lines for Catanzaro, Cosenza, Crotone and Lamezia Terme (Nicastro).
- I.A.S. (tel. 0983 565635, Whatsapp 342 7930484, website www.iasautolinee.com): lines for Rossano, Corigliano, Aciri, Cosenza, Rende (University of Calabria), Catanzaro, Messina, Taormina, Catania.
- Lirosi Autoservizi (tel. 0966 57552, website www.lirosiautoserviziorari.com): lines for Reggio Calabria, Villa San Giovanni, Palmi, Gioia Tauro, Rende (University of Calabria), Catanzaro, Germaneto.

The airport is also connected to the Lamezia Terme Central Train Station via a convenient public service of high frequency shuttle. Timetables are available on the site www.lameziamultiservizi.it.

In the summer season, further bus lines connect the airport with some resorts (Praia a Mare, Sibari).

Times vary with the seasons and can be requested directly to the bus operators.

By taxi:

Taxi stands are available near the airport exit and at the nearby train station, ready to reach the desired destination.

FIND YOUR WAY IN THE AIRPORT

The airport has two accesses, which start at the same roundabout connecting with all main directions.

The first gateway will conduce to the departure hall of the passenger terminal, while the second one will reach the arrival area and the cargo terminal.

The passenger terminal is the most impressive building of the airport, flanked by parks and offices of the car rental suppliers. More distant is the cargo terminal, with freight forwarders offices.

The following plan will help you to better understand the airport's internal road network and to locate your destination.

PARKING

The airport has a parking system that ensures absolute convenience and speed of movement, with very affordable rates. You can count on:

- 625 pay parking spaces in the car park P1, a few meters in front of the airport, ideal for stopovers. Parking is provided with a cash desk (open from 8:00 to 24:00) and two cash machines in the central area.
- 550 pay parking spaces (parking P2), in front of the freight terminal, with even cheaper rates for long-term parking. Near the exit from the parking lot two cash machines are available.
- 60 metered parking spaces in the immediate vicinity of the passenger terminal, with cash machines that accept different sizes of coins.
- 390 parking spaces reserved for rental cars.
- 36 stands reserved for PRM equipped with EU parking card for people with disabilities, distributed in several parking areas and accessible directly from the airport road network.

Under the platform roof of the terminal private cars can only make short stops without hindering the vehicular flow, while parking is not permitted, even for loading or unloading luggage, which is instead possible in car parks P1 and P2 and in car parks delimited by blue lines, at the roadside.

The parking spaces with parking meter delimited by blue lines, dedicated to those who make a stopover at the airport, provide an hourly rate of € 2.00 / hour, while pay parking lots P1 and P2 have varying rates depending on the stay:

TIME SLOTS	P1
Up to 1 hour	€ 3.00
Up to 3 hours	€ 5.00
Up to 12 hours	€ 15.00
Up to 1 Day	€ 20.00
Up to 2 Days	€ 30.00
Up to 3 Days	€ 40.00
Up to 4 Days	€ 50.00
Up to 5 Days	€ 60.00
Up to 6 Days	€ 70.00
Up to 7 Days	€ 80.00
Over the 7th day: per day or part of a day	€ 8.00

TIME SLOTS	P2
Up to 1 hour	€ 2.00
Up to 6 hours	€ 6.00
Up to 12 hours	€ 10.00
Up to 1 Day	€ 15.00
Up to 2 Days	€ 24.00
Up to 3 Days	€ 32.00
Up to 4 Days	€ 40.00
Up to 5 Days	€ 48.00
Up to 6 Days	€ 55.00
Up to 7 Days	€ 60.00
Over the 7th day: per day or part of a day	€ 5.00
PASS	P1/P2
Half-yearly	€ 550.00
Annual	€ 1000.00

Cash machines of the P1 and P2 car parks accept cash (coins and notes), credit cards and ATMs.

Since 2025, a new digital platform dedicated to online parking booking at the airports of Lamezia Terme, Crotone and Reggio Calabria has been active.

You can book your parking space by connecting to the portal dedicated to parking, via the official SACAL website <https://parking.sacal.it/>:

- - Select the desired airport.
- - Choose the most suitable parking option.
- - Complete the booking and obtain a discount rate.

Pay car park P1 and P2 are always open.

In the P1 and P2 car parks, free parking is granted for the first 10 minutes, to guarantee an adequate margin of time for those who entered the car parks by mistake.

CAR RENTAL SERVICES

Offices and parking of the car rental companies are located approximately 100 meters from the airport, immediately visible on the right, leaving the terminal.

The companies present at the airport of Lamezia Terme are:

USEFUL INFORMATION FOR THE PASSENGER

Security checks

After completing the check-in operations, to access the boarding area you must perform security checks at the special stations equipped with a metal detector for the control of passengers and X-ray equipment for hand baggage control. To carry out this operation, it is necessary to show your boarding pass and put in the appropriate trays your coats, jackets, keys, purses, belts, buckles, metal items, mobile phones, tablets, personal computers.

In hand baggage is only allowed to take a small amount of liquid (creams, lotions, oils, perfumes, sprays, shaving creams, deodorants, gels, pastes, toothpastes) in containers each with a maximum capacity of 100 milliliters or equivalent measuring (100 grams), to be placed in clear and re-sealable plastic bags (maximum capacity of 1 liter) and showed for inspection separately from other baggage.

You are also allowed to bring baby food, medicines in liquid form and syringes when accompanied by a medical prescription.

Both dressed and stored in hand baggage, items that may constitute improper weapons (e.g. scissors, knives, metal files, cutters, screwdrivers, chisels) are not allowed, regardless of their measures.

To reduce the waiting times at security checkpoints maximum cooperation by the passengers is required. European legislation in force is imperative; therefore, the security officers are obliged to apply it.

Customs formalities

Passenger's personal effects

Passengers departing to non-European countries can carry photographic equipment, video cameras, personal computers, watches, if accompanied by a receipt of purchase. In the absence of these documents, it may want to produce, at the customs office of departure, a statement of ownership to show to return.

Shipping currency

Passengers arriving from or departing to non-EU countries may carry cash or similar assets with them when the total amounts are less than 10,000 €. Over this amount, they are obliged to complete a declaration, to be signed and deposited only at customs offices at entry into the State or out of the same. Failure to declare is a violation of the Currency Law and carries a penalty.

For further information on customs formalities, you can consult the "Customs charter for traveler" on www.adm.gov.it website.

Health formalities

Passengers who intend to visit certain destinations should read up on the obligation of vaccination against specific diseases. Therefore, it is advisable to consult your doctor at least 4-6 weeks before departure.

Some nations, for example, require traveler certification attesting to the negativity of antibodies to the AIDS virus (HIV), as a condition to enter their territory, or the Certificate of Vaccination against Yellow Fever (antiamarillic vaccination).

If you decide to travel within Europe, you need to bring with you your European Health Insurance Card (EHIC), which entitles you, in the EU countries and Switzerland, free health care, that is, if necessary, to enjoy the same benefits (medical visits, hospital admissions, etc.) as the nationals of the country visited.

In this period, the health provisions of the various States change frequently, so it is advisable to continuously inquire about the actual possibility of reaching the desired destination before making any trip.

For more information on the health formalities, you can visit the website www.viaggiaresecuri.it updated by the Ministry of Foreign Affairs.

SERVICES AND ASSISTANCE TO CUSTOMER IN THE AIR TERMINAL

- ✓ An information desk in the arrival hall, to know everything about Lamezia Terme airport services.
- ✓ A first reception point (Courtesy Lounge) for "Passengers with disabilities or reduced mobility (PRM)" located in the check-in area, before the security checks. PRM also have a reserved pre-boarding area next to the dedicated boarding gate, where they can stand quietly while waiting for their flight. Families with newborns can also sit in the Courtesy Lounge, which is equipped with a drinking water dispenser.
- ✓ . Changing tables for babies are available in some restrooms of the terminal.
- ✓ Two offices for luggage assistance, with desks dedicated to the flights assisted by different operators. There is no baggage storage service.
- ✓ A lost property office, at the SACAL office on the upper floor of the terminal.
- ✓ A first medical aid station, managed by medical staff. The service is always active and has an ambulance, defibrillator and medication for first responders.
- ✓ Shopping center, open every day from 07:00 to 21:00, with shops in the main lobby and in the boarding lounges. Shopping areas offer a various selection of shops, starting with those dedicated to the "made in Calabria", from food and wine production, which shows off extraordinary and typical products of excellence, to local craft creations, jewelry and silverware. The commercial offer is completed by a large duty-free shop (recently expanded) with perfumes and cosmetics, glasses, wines and spirits, gastronomic specialties and tobacco, and other shops with sports clothing and merchandising, travel items, souvenirs, a parapharmacy, two pastry/ice cream shop and a newsstand, which offers items for smokers and a section dedicated to a bookshop.
- ✓ Food services, which include on the main floor:
 - a bar / sandwich shop in the arrival hall, open from 05:00 to 24:00,
 - a coffee shop / bakery in check-in area, open from 07:00 to 21:00,
 - three snack bars in the boarding areas, open from 07:00 to 21:00,
 - a pizzeria / rotisserie in the arrival hall, open from 11:00 to 22:00.In case of flight delays, bar service hours are extended until the arrival/departure of the last scheduled flight in the respective areas.
Upstairs there is a restaurant with a coffee point and a self-service area, open from 11:00 to 15:00.
In the arrival hall, in the boarding lounges, at the car rental offices and on the sidewalk outside the terminal 12 vending machines for drinks and snacks are also available.
Finally, outside the terminal, next to the shuttle bus stop for rail station, there is a snack bar, with both an internal and an external lounge, in the adjacent garden.
- ✓ ATM, managed by MPS Bank (departure hall) and Euronet Worldwide (baggage reclaim area).
- ✓ Charging stations for mobile phones, tablets and other portable devices, available in all public areas of the airport.
- ✓ Free luggage carts (coin inserted into the cart is returned at the time of the repositioning at the designated collection bays).
- ✓ Wireless internet service "Wi-Fi", free for the first 30 minutes. To connect: turn on the device (laptop, tablet, smartphone) with Wi-Fi connectivity; search for the "sacal airport hotspot" network; start the browser that will automatically connect to the net.
- ✓ Luggage packing service, in the check-in area, managed by Plastic Safety.

- ✓ Trenitalia and Autolinee Federico automatic ticket machines on the sidewalk in front of the terminal.
- ✓ Drug vending machine on the sidewalk in front of the terminal.

Assistance for passengers with disabilities or reduced mobility

For departing or arriving passengers with disabilities or reduced mobility (PRM), SACAL assures full assistance:

- On departure, the passengers who need individual assistance (notified by the airline) are welcomed at the airport by the specialized SACAL staff. PRM are assisted during check-in and accompanied through security, designed to accommodate passengers with wheelchair and/or pacemaker, and then up at the boarding gate. If necessary, for the transfer board a special passenger lift (ambulift) is put at their disposal.
- On arrival, when the airline notifies our airport the presence of a passenger who needs assistance, after landing a SACAL attendant, if necessary, facilitates the disembarking of PRM through the use of an ambulift. The passenger is then accompanied to collect his/her baggage and then to the designated drop-off point, from which he/she can continue to reach the desired destination, eventually assisted by the PRM service in compliance with current regulations.

You can contact the dedicated structure through the following references:

Tel: +39-0968-414420

E-mail: prm.suf@sacal.it

Further information on assistance to PRM is available in the "Special assistance" section of the website <https://sacal.it/it/services/assistenze-speciali-lamezia-terme/>, which is accessible for different types of disabilities.

Assistance for minors travelling alone

For children aged 5 to 12 years departing by air alone, at check-in an accompanying person must declare to the clerk their personal details and leave a release filled in all its parts, specifying the identity of the person who will pick up the child at the destination airport. The child is provided with a transparent document (to be kept in a sling for the whole duration of the journey) in which are inserted all the documents required for the trip. When these formalities are completed, the minor is accompanied on board the aircraft by an airport operator and entrusted to the Chief of the aircraft crew, who is given a copy of the documentation related to the child.

A communication with notifying the assistance needs is sent to the airport of destination.

Small incoming travelers are assisted during disembarking by an airport operator that accompanies them at the exit, until the reunion with the person specified on the child's travel documents.

Services and assistance for travelling families

- ✓ Changing tables: In the airport there are toilets equipped with special changing tables for the care of little ones.
- ✓ Strollers: Unless otherwise indicated by the airline you are travelling with, you may take your stroller through security and up to the gate. In this case, the stroller must be labelled at the check-in desk and may remain available to family members until boarding, with the stroller being handed over to the assistance staff at the side of the aircraft. Alternatively, the stroller may be loaded onto the plane in advance, upon request to the check-in staff, who will label it as hold baggage; in this case, the stroller must be handed over to the oversized baggage desk in the departure security check area. From that moment on, the stroller will no longer be available to the passenger until the baggage is returned to the arrival airport. At the destination airport, the stroller will be returned upon exiting the aircraft or in the baggage reclaim area (ask the flight attendants).

- ✓ Liquids and food for babies: In the case of carrying food for babies and children, exceptions are permitted with respect to the limits of liquids that can normally be carried through security checks. In these cases, it is permitted to exceed the limit of 100 ml (3.4 ounces) and carry the products even if they are not contained in the transparent plastic bag with a capacity of 1 liter. The exception is valid for the quantity of food and liquids necessary for the duration of the trip and the needs of the baby. These products must however be presented separately from hand luggage, before security checks.
- ✓ Assistance with meals for children: Highchairs for children are available at the restaurant on the upper floor and at the pizzeria in the hall of the airport. These same refreshment points and the pastry shop in the check-in area offer, upon request, the possibility of heating baby bottles and baby food in the microwave.
- ✓ Pregnant women: In case of pregnancy, it is always advisable to inform the Airline of your condition at the time of booking and request the necessary documentation, especially in the last four weeks or if you are in particular conditions such as a high-risk pregnancy or twin pregnancy. Pregnant women are not exempt from the metal detector x-ray check unless they have a medical certificate prescribing the exemption.
