

Service Charter Guide 2026

Dear Customer,

This document, issued by SACAL in accordance with Italian regulations and whose contents are verified by the National Agency for Civil Aviation, contains useful information about the services provided by Reggio Calabria Airport, with news on quality levels and initiatives to improve passenger satisfaction.

In 2025, the Tito Minniti Airport in Reggio Calabria has set a further historic traffic record in addition to the growth record among Italian airports, totaling 977,984 passengers, with an increase of 56.7% compared to the previous year, and a number of flights equal to 9,992, including landings and take-offs, with a 44,6% increase in scheduled flights more than in 2024. Scheduled traffic was both national and international and during the year had as its destinations the airports of Barcelona, Berlin, Bologna, Brussels Charleroi, Frankfurt Hahn, Katowice, London Stansted, Marseille, Milan Linate, Milan Malpensa, Paris Beauvais, Pisa, Rome, Turin and Venice.

For 2026 scheduled services to Barcelona, Bergamo, Berlin, Bologna, Brussels Charleroi, Katowice, London Stansted, Milan Linate, Milan Malpensa, Paris Beauvais, Parma, Pisa, Rome, Turin and Venice are planned. For international routes, some changes may occur.

Some construction sites of an ambitious investment program have been underway since 2024, aimed at making Reggio Calabria airport more modern and functional in a few years. Some interventions for improving safety and efficiency at the airport have already been completed, with the creation of advanced technology systems, also in terms of sustainability.

The terminal is currently undergoing major renovations, with the departures area completely renovated and equipped with additional spaces. In the arrivals area, services for passengers on non-Schengen flights are being improved, with the installation of passport registration devices and the replacement of the baggage claim system.

With regard to airport services, the airport's boarding areas will be significantly expanded and will feature a new and broader range of products, highly automated security check stations for hand luggage, and new seats with charging stations for cell phones and portable devices.

To learn more about Reggio Calabria Airport and our company, please consult this brochure, where we also explain how to give us feedback and suggestions.

We hope the improvements we are introducing, both in terms of flight offers and airport services, meet your passenger expectations as we sincerely wish you a nice trip, on behalf of all SACAL staff.

WHO IS SACAL

S.A.CAL. S.p.A., Calabrian Airport Company, is the managing company of the three Calabrian airports (Reggio Calabria, Lamezia Terme and Crotona Airport), entrusted, under the control and surveillance of ENAC (National Agency for Civil Aviation), with the task to manage the airport infrastructure, in accordance with criteria of transparency and nondiscrimination, and to co-ordinate and control the activities of private operators working in the airport, maintaining adequate standards of service and airport safety.

SACAL is a joint stock company with 97.1% of its shares held by public bodies and the remaining 2.9% by private investors.

SACAL's **mission** is to manage, develop and promote airport activity in accordance with safety and environmental standards, ensuring the maximum efficiency of the airport structure, performing the duties arising from the new regulatory framework and guaranteeing the quality of service expected by customers, designing and implementing expansion plans, and modernizing infrastructure with the aim of increasing productivity and profitability, while contributing to the socioeconomic development of the territory.

Implementing the provisions of article 705 of the Navigation code stated for any **airport managing company** and respecting the obligations undertaken with ENAC, SACAL performs the following activities at Reggio Calabria airport:

- ✓ It organizes airport activities in order to ensure the efficient and optimal use of resources for the delivery of services of adequate quality.
- ✓ It plans and coordinates the infrastructure development of Reggio Calabria Airport, in relation to the type of traffic.
- ✓ It provides users with the necessary ground handling services, directly or by coordinating the activities of parties eligible to supply these services.
- ✓ It assigns the apron stands to aircrafts and ensures the orderly movement of other vehicles and personnel on the same apron, so as not to interfere with aircraft handling, verifying compliance with the applicable rules by private providers of airport services and, in case of non-compliance, it asks ENAC to apply the appropriate sanctions.
- ✓ It checks safety of flight infrastructure and informs the competent authorities and stakeholders on possible reductions in the level of service or risk conditions occurring for air navigation within airport boundaries.
- ✓ It ensures the security check of departing passengers and baggage, plus the handling of lost items.
- ✓ It publishes the Service charter in accordance with the directives issued by the Ministry of Infrastructure and Transport and by ENAC, and ensures compliance to the planned level of quality of service delivered to users.

Besides, it guarantees the following services:

- ✓ Maintenance and cleaning of airport infrastructure.
- ✓ Management of car parks.
- ✓ Grant to third parties of space within the airport.
- ✓ Management of commercial and advertising services.

FLYING IN REGGIO CALABRIA

Reggio Calabria Airport connects Calabria with the most important locations in Italy. Below are the destinations scheduled by the Carriers for 2026:

- Barcelona
- Berlin
- Bergamo
- Bologna
- Brussels Charleroi
- Katowice
- London Stansted
- Milan Linate
- Milan Malpensa
- Paris Beauvais
- Parma
- Pisa
- Rome Fiumicino
- Turin
- Venice

The airlines that will operate scheduled connections from Reggio Calabria airport throughout the year are ITA Airways and Ryanair. The latter, in 2024, opened a new operational base at the Reggio Calabria airport, starting numerous international and domestic connections

QUALITY IN SACAL

For some time now SACAL has undertaken the path of quality for the continuous improvement of services provided and for the growth of its results in terms of efficiency and effectiveness

This process prompted SACAL, first in Calabria among airport managing companies, to issue its first edition of the Service Charter in 2000, for Lamezia Terme airport.

The head office of SACAL has a Quality System certified in accordance with ISO 9001 since 2002 and extended its management system also to the Reggio Calabria airport, which it has managed since July 2017.

To successfully establish itself in the new role of sole managing company of Reggio Calabria, Lamezia Terme and Crotona Airports, while delivering high-quality services, results and productivity, SACAL is focusing on the efficiency and competitiveness of handling services, measuring quality provided and perceived, improving comfort and commercial services in the air terminal, constantly updating the corporate structure with a strong focus on staff training, efficiency and airport functionality while improving reception and reducing the impact of the three airports on the environment.

THE AIRPORT AND THE ENVIRONMENT

According to the regulations of Reggio Calabria Airport, all airport parties are required to limit the environmental impact of airport activity through practices of low emissions and proper storage and disposal of waste products.

As for whitewater, SACAL ensures water treatment for the aprons with specific oil extraction systems. On the other hand, the sewer flows into the sewage treatment plant that serves the entire airport.

As for the radioactive sources of the security control devices, SACAL ensures the necessary nuclear surveillance activities, through enabled external experts, fulfilling all relative legal obligations. Any other sources that may transit through Reggio Calabria Airport, are temporarily stored, by cargo operators, in controlled and clearly identified areas, within casings that guarantee safety.

In the air terminal, waste is collected separately, with very good results.

MONITORING THE QUALITY OF THE SERVICES IN THE AIRPORT - SUMMARY RESULTS

In order to promote the improvement and to prevent inefficiencies, SACAL constantly monitors many parameters (quality indicators), that give a precise image of the quality of the offer, both objective and perceived. With the aim of influencing positively on quality factors and then on customer satisfaction, actions are formulated and adopted on the basis of a thorough analysis of the collected data and benchmarking with the best Italian airport experiences.

The monitoring of quality indicators is achieved by measuring the actual events (assessment of quality provided) or perceptions (survey on the perceived quality).

The set of indicators and the relevant monitoring standards meet the criteria, valid for all Italian airports, agreed between ENAC (National Civil Aviation Authority), Assaeroporti and representatives of airlines, handlers, tour operators and consumer associations.

The Service Charter is checked and approved by ENAC before publication.

For what concern the performance of SACAL during 2025, the results obtained allow us to state that the quality of the services of Reggio Calabria is generally at very positive values.

The satisfaction expressed by passengers in 2025, with percentage almost always between 90% and 100%, confirms that the quality perceived is high.

The opinions on the aspects of safety, punctuality, cleanliness, comfort and additional services, with percentages of satisfied users exceeding 98%, but in general all the indicators achieve results largely satisfactory.

As regards the quality provided, thanks to a better hourly distribution of flights, in 2025 almost all the monitored indicators regarding waiting times recorded values within the thresholds estimated for the year 2025, with the exception of the waiting time at check-in

Excellent results regarding the quality of assistance services were perceived by passengers with disabilities or reduced mobility (PRM) for all the indicators, with satisfaction values between 97% and 100%.

QUALITY INDICATORS – RESULTS AND TARGETS

Hereafter are released results achieved in the year 2025 and our commitments for the year 2026, formulated on the basis of what succeeded together with our improvement plans for the current year. In many cases, the value of commitment for 2026 is lower than result achieved in 2025. This is justified by the fact that the terminal is undergoing major renovation and expansion works, which may negatively impact service levels; furthermore, a further increase in traffic is expected in 2026 which, until the expansion of the terminal comes into service, will make staying at the airport less comfortable and disruptions more likely to occur at peak times.

TRAVEL SAFETY

We have been recording for years an excellent level of passenger satisfaction with the service offered to departing passengers. Since 2025, the new baggage handling system has been equipped with state-of-the-art screening equipment. Additionally, SACAL has equipment for screening liquids for medical purposes or special dietary requirements (including baby food).

INDICATOR	UNIT OF MEASURE	RESULT 2025	TARGET 2026
Overall perception of persons and hand baggage security-check service	% satisfied passengers	99.6%	98%

PERSONAL AND PROPERTY SAFETY

Passengers definitely appreciate our airport security. There has been no theft of cars parked in the SACAL car parks, equipped with video surveillance systems.

INDICATOR	UNIT OF MEASURE	RESULT 2025	TARGET 2026
Perception level of personal and property safety at the airport	% satisfied passengers	99.6%	98%

REGULARITY OF SERVICE

Delayed flights decreased compared to 2024 and are mainly a consequence of the delays accumulated on the national network. Mishandled baggage departing from our airport remains at irrelevant values. Waiting times for baggage delivery have improved significantly, as well as the times for disembarking passengers. Consequently, in 2025 customers declared themselves very satisfied with the regularity of services. In 2026 we will do our best to maintain the regularity of services, despite the presence of several construction sites in the airport.

INDICATOR	UNIT OF MEASURE	RESULT 2025	TARGET 2026
Overall punctuality of departing flights	% of punctual flights / Total departing flights	86.9%	85%
Total mishandled baggage departing	N° mishandled baggage / 1000 passengers departing	0.1‰	0.2‰
Delivery of the first piece of baggage from the aircraft block	Delivery in 90% of cases	9'56"	11'
Delivery time last bag from the aircraft block	Delivery in 90% of cases	20'35"	22'
Waiting time on plane for first passenger disembarkation (Time between aircraft block and beginning of disembarkation)	Waiting time in 90% of cases	3'39"	4'

Overall perception of regularity and punctuality of airport services	% satisfied passengers	99.1%	98%
--	------------------------	-------	-----

CLEANING AND SANITATION

In 2025, passenger reviews were decidedly positive. In 2026 it will be difficult to repeat these results, for the works that will affect the terminal.

INDICATOR	UNIT OF MEASURE	RESULT 2025	TARGET 2026
Perception level of cleanliness and functionality of toilets	% satisfied passengers	99.3%	98%
Perception level of cleanliness inside the air terminal	% satisfied passengers	99.3%	98%

COMFORT DURING AIRPORT STAY

In 2025 the overall judgment of passengers regarding the comfort offered by our airport was very positive. To meet passenger needs, we will increase the space in the boarding area and the number of seats throughout 2026. We will also renovate some of our systems to make them more efficient and sustainable. We apologize for any inconvenience this work will cause.

INDICATOR	UNIT OF MEASURE	RESULT 2025	TARGET 2026
Perceived availability of baggage trolleys	% satisfied passengers	98.7%	97%
Efficiency perception of passenger transfer systems	% satisfied passengers	99.4%	98%
Perception of climate control efficiency	% satisfied passengers	99.6%	98%
Overall perception level of comfort	% satisfied passengers	99.1%	96%

ADDITIONAL SERVICES

In 2026, a new food court will be built in the boarding hall, along with a duty-free area. Charging stations for your electronic devices will be increased, thanks to new seats equipped with power outlets. Free Wi-Fi is available throughout the airport (see page 29 for access details).

INDICATOR	UNITA OF MEASURE	RESULT 2025	TARGET 2026
Perception on the Wi-Fi connection in the terminal	% satisfied passengers	99.6%	98%
Perception of the availability of mobile and laptop charging stations in passenger areas	% satisfied passengers	99.4%	98%
Time compatibility bar opening hours with the airport opening	% flights arriving / departing compatible with the opening hours of bars in the respective areas	100%	100%
Perception of availability, quality and prices of bars and restaurants	% satisfied passengers	98.7%	98%
Perception on the availability of supplied machines for drinks / snacks	% satisfied passengers	99.5%	98%

INFORMATION SERVICES TO THE CUSTOMERS

On our website, available at www.sacal.it/it/reggio-calabria and accessible for different types of disabilities, you can find real-time updates on flight schedules, as well as all the information on our airport.

At the airport, in the Sala Amica (Courtesy Lounge), our staff is available to provide information on all matters relating to the airport.

Furthermore, monitors display flight schedules and other useful news and information for passengers.

Finally, several large totems are available indicating the location of various services.

Although satisfaction with some indicators decreased in 2025 compared to 2024, overall, the airport's information services are almost completely satisfied by passengers.

INDICATOR	UNIT OF MEASURE	RESULT 2025	TARGET 2026
Website user-friendly and updated	% satisfied passengers	93.4%	95%
Efficacy perception of operating information points	% satisfied passengers	97.0%	98%
Perception of clarity, comprehensibility and effectiveness of the internal signage	% satisfied passengers	85.2%	90%
Perception of staff professionalism (info-point, security)	% satisfied passengers	82.9%	90%
Overall perception of effectiveness and accessibility of public information services (monitor, announcement, signage)	% satisfied passengers	98.2%	98%

COUNTER/CHECK-POINT SERVICE

In 2025, check-in and security check times for departing passengers were maintained within values lower than 10'. The security waiting time was below the target threshold, while the check-in waiting time was higher. Passenger satisfaction with these services remained excellent.

INDICATOR	UNIT OF MEASURE	RESULT 2025	TARGET 2026
Ticket service perception	% satisfied passengers	97.5%	98%
Waiting time in the queue at check-in	Waiting time in 90% of cases detected	6'36"	5'
Perception of waiting time in the queue at check-in	% satisfied passengers	98.2%	98%
Waiting time in the queue at security checkpoints	Waiting time in 90% of cases detected	7'37"	8'

MODAL INTEGRATION

The judgment on road signs was in line with the expectations.

The rating value for connections between the airport and the main destinations of the province reflects the situation of the airport, which is located within the urban area. The airport, in fact, can rely on the urban bus lines right in front of the terminal, as well as some connections with the Ionic coast of the province. A bus service is also available upon reservation, from the nearby city of Messina; in the summer period, such service are extended to Milazzo, the main port for reaching the Aeolian Islands.

INDICATOR	UNIT OF MEASURE	RESULT 2025	TARGET 2026
Perception of clarity, comprehensibility and effectiveness of road signs	% satisfied passengers	98.5%	98%
Perceived adequacy of city / airport connections	% satisfied passengers	95.8%	97%

QUALITY OF SERVICES FOR PASSENGERS WITH DISABILITIES OR REDUCED MOBILITY

With the GEN-02B Circular, ENAC has defined quality indicators to be monitored for the services provided by the airport management companies in favor of passengers with disabilities or reduced mobility (PRM). Even in this case, the monitoring of the indicators is performed by means of a measurement of concrete events (monitoring on the quality offered) or perceptions (survey on the perceived quality). The following indicators attest to the qualitative results achieved by the service provided in 2025 by SACAL to PRM using Reggio Calabria airport of for their journeys.

EFFICIENCY OF SUPPORT SERVICES

Waiting times to receive assistance in 2025 were lower than those recorded in 2024, with the exception of PRM departing with pre-notification. For all indicators, the values achieved and promised are better than the targets set by ECAC Doc. 30.

SACAL recommends passengers and carriers to book assistance in advance, in order to benefit from an optimal service. It is advisable for the passenger to request assistance from the airline, travel agency or tour operators when booking the flight or, at the latest, 48 hours before departure, to allow the airline to notify the airport at due time.

INDICATOR	UNIT OF MEASURE	RESULT 2025	TARGET 2026
For PRM departing with pre-notification: waiting time to receive the assistance, by one of the designated points of the airport, in the case of pre-notification	Waiting time in 90% of cases	6'08"	5'30"
For PRM departing without pre-notification: waiting time to receive assistance from one of the designated points of the airport, once notified their presence	Waiting time in 90% of cases	2'56"	6'
For PRM arriving with pre-notification: Waiting time on board for the landing of the PRM, after the last passenger disembarkation	Waiting time in 90% of cases	1'39"	2'30"
For PRM arriving without pre-notification: Waiting time on board for the landing of the PRM, after the last passenger disembarkation	Waiting time in 90% of cases	2'28"	3'30"

PERSONAL SAFETY

For the disembarkation and boarding of PRM, the airport is equipped with two special lift vehicles. The service also has a large park of wheelchairs of different sizes. The vehicles and equipment are subjected to many tests of functionality, according to the established frequencies.

The assistance to passengers with reduced mobility is accomplished by SACAL specifically trained staff. It enjoys the almost full satisfaction from the users.

INDICATOR	UNIT OF MEASURE	RESULT 2025	TARGET 2026
Perception on the status and functionality of vehicles / equipment supplied	% PRM satisfied	97.5%	98%
Perception of the adequacy of staff training	% PRM satisfied	98	98%

INFORMATION IN AIRPORT

The staff dedicated to the assistance of PRM provides all the information necessary for the user.

The internal signage also highlights the services exclusively dedicated to PRM (Courtesy Lounge, toilette) on the airport website, which is accessible for different types of disabilities, at the page <https://sacal.it/it/services/assistenze-speciali-reggio-calabria/>, you can find all the information on special assistance, including information videos and details on the types of assistance.

Interventions on airport infrastructure planned during 2026 may require a different configuration of services.

INDICATOR	UNIT OF MEASURE	RESULT 2025	TARGET 2026
Accessibility: the number of essential information accessible to disabled visual, auditory and motor compared to the total number of essential information	% of essential information available on the total number of essential information	100%	100%
Completeness: the number of information and instructions relating to the services offered, available in an accessible format respect to the total number	% information / instructions, on services in accessible format on the total number	100%	100%
Perception of efficacy and accessibility of information, communications and air terminal internal signage	% PRM satisfied	97%	98%

COMMUNICATION WITH PASSENGERS

SACAL assistance can be contacted by phone (0965 029472, 349 30914109) every day and has a dedicated e-mail address (prm.reg@sacal.it). The rapidity of response to requested information is guaranteed by constant monitoring of employees during airport operating hours.

In 2025, SACAL received no complaints for the services provided to over 13,200 PRM assisted.

INDICATOR	UNIT OF MEASURE	RESULT 2025	TARGET 2026
Number of responses provided within the stipulated time than the total number of information requests received	% responses in times stated on the total number of requests	100%	100%
Number of complaints received compared to the total traffic of PRM	% Complaints received on the total of PRM traffic	0‰	0.2‰

COMFORT IN AIRPORT

The lounge dedicated to the PRM is in the terminal hall, before security checks. Seats reserved for PRM are available in the boarding lounge.

Restrooms for PRMs, already available in almost all areas of the airport, will be increased during the year.

On the sidewalk in front of the terminal there is a column with video intercom through which assistance can be requested. From airport parking you can contact the dedicated staff by telephone, dialing 0965 029472.

In the parking areas there are 8 free parking spaces reserved for PRM.

The construction sites planned at the airport during 2026 could cause some difficulties in always offering full usability of the airport infrastructure.

INDICATOR	UNIT OF MEASURE	RESULT 2025	TARGET 2026
Perception of the efficacy of assistance to PRM	% PRM satisfied	98%	98%
Perception of the level of accessibility and usability of airport infrastructure: parking, intercoms call, dedicated rooms, toilets, etc.	% PRM satisfied	96.5%	98%

Perception of spaces dedicated to PRM rest	% PRM satisfied	100%	98%
--	-----------------	------	-----

RELATIONS AND BEHAVIOUR

As has been the case for years, PRM feedback on SACAL assistance staff remains absolutely positive.

INDICATOR	UNIT OF MEASURE	RESULT 2025	TARGET 2026
Perception of staff courtesy (info-point, security, Special Care Program staff)	% PRM satisfied	99%	98%
Perception on professionalism of staff dedicated to special assistance to PRM	% PRM satisfied	100%	98%

HOW TO CONTACT SACAL

Suggestions, complaints and reports help SACAL implement its quality of service improvement policy.

For this reason, we are happy to receive your suggestions and complaints, promising to handle reports in compliance with UNI 10600, providing explanations and answers in writing, within 30 days.

The complaints procedure is part of the current Regulation of Reggio Calabria airport, which has been adopted by ENAC.

To contact us directly and as quickly as possible, our e-mail address info@sacal.it is at your disposal.

If you prefer to communicate with SACAL by mail, you can write to the following address:

*S.A.CAL. S.p.A.
Ufficio Comunicazioni Clienti
c/o Aeroporto di Reggio Calabria
Via Provinciale Ravagnese, 11
89131 Reggio Calabria (RC) – ITALY*

Please specify your name and contact information, so as our staff can contact you for necessary explanations or answers.

In this issue and in the air terminal, at the Courtesy Lounge, you can find the appropriate forms for suggestions, comments and complaints. Our staff will be happy to assist you in completing forms. Once completed, the forms may be submitted to our employees or mailed.

Annual complaint data received by SACAL are shared with any party requesting them and are made available at our centralized Customer Communications office.

Complaints concerning assistance to PRM at the airport:

We invite you to communicate any complaints to SACAL by ordinary mail or by e-mail to the following address: info@sacal.it.

In the event of a non-response by SACAL or in the event that the same is not deemed adequate with respect to the provisions of the EC Reg. 1107/2006 (rights of the PRM), the complaint can be forwarded to ENAC (Italian Civil Aviation Authority) through the online form or the other methods specified on the institutional website www.enac.gov.it for ascertaining a possible violation of EC Reg. 1107/2006, only for sanctioning purposes.

Claims regarding flight disruptions must be submitted to the airline you travelled with, having signed with them a contract of carriage. Each company has its own procedures for handling such requests, which we suggest you check before travelling.

Complaints in the event of denied boarding, flight cancellation or long delay:

In the event of no response from the Airline or in the event that it is not deemed appropriate, the complaint may be forwarded to ENAC for the verification of a possible violation of EC Reg. 261/2004, for sanctioning purposes only, through the appropriate online forms available on the institutional website www.enac.gov.it.

Complaints concerning assistance to PRM on board the aircraft:

In the event of no response from the airline or in the event that it is not deemed appropriate, the complaint can be forwarded to ENAC for the verification of a possible violation of EC Reg. 1107/2006, for sanctioning purposes only, through the appropriate online forms, available on the institutional website www.enac.gov.it.

Regardless of the type of complaint and the forwarding of the same to ENAC, in case you feel the reply received unfavorable to you or not completely satisfactory, you can file an application with the competent judicial authorities against the Carrier or the Airport Management Company.

Furthermore, if you have suffered disruptions due to violations of EC Regulation no. 261/2004 for cases of denied boarding, flight cancellation or prolonged delay, or EC Reg. n. 1107/2006 regarding the protection of passengers with disabilities or reduced mobility, you can attempt conciliation (ADR - Alternative Dispute Resolution) through the ConciliaWeb platform on the website of the Transport Regulation Authority, without prejudice to the possibility of sending reports of complaint to ENAC for sanctioning purposes only.

Information on passenger rights is available at the terminal, in dedicated displays, or on the website https://europa.eu/youreurope/citizens/travel/passenger-rights/air/index_it.htm, which you can consult if necessary.

REGGIO CALABRIA AIRPORT

“Tito Minniti” Reggio Calabria airport, open from 6:00 am to midnight, is located south of Calabria, just 7 km from the center of the metropolitan city of Reggio Calabria. Its catchment area extends beyond the regional borders, up to the eastern coasts of the neighboring region of Sicily.

From the airport it is easy to get to the main tourist destinations of Calabria:

- 1,5 km away from the Highway A3 junction
- 5 Km away from Reggio Calabria Central railway station
- 11 km away from Reggio Calabria harbour
- 19 km away from Villa San Giovanni
- 28 km away from Scilla
- 32 Km away from Aspromonte National Park
- 90 Km away from the archaeological site of Locri Epizefiri
- 100 Km away from Gerace
- 108 Km away from Pizzo
- 117 Km away from Tropea
- 114 Km away from Serra San Bruno
- 145 Km away from Stilo

Embarking at Villa San Giovanni, you can easily reach important tourist destinations in Sicily:

- Messina, 30 km far away
- Milazzo, 66 km far away
- Taormina, 81 km far away

HOW TO REACH THE AIRPORT

By car:

- From Catanzaro / Cosenza / Vibo Valentia: Highway A3 or State Route 18
- From Crotona: State Route 106 to Catanzaro / State Route 280 / Highway A3
- From Sicily: ferry / hydrofoil.

By train:

Reggio Calabria Central railway station is linked to airport by ATAM bus and taxi.

By bus:

The city of Reggio Calabria is connected to the airport by urban bus and a dedicated shuttle service that goes to the port.

Service timetables are published on the website www.atam-rc.it by ATAM, which is the company that manages urban transport services.

Timetables vary with the seasons and can be requested directly from the ATAM company (toll free nr. 800 282600, e-mail customer@atam.rc.it, Front Office at ATAM bus terminal (Largo delle Botteghe - Reggio Calabria) from 8.30 am to 13.30 pm from Monday to Friday, Tuesday and Thursday also from 3.00 pm to 4.30 pm) or can be seen on the public notice boards located at the city bus stops.

A dedicated App is also active: *ATAM – Trasporto Pubblico*, which can be downloaded free of charge.

The Ionian coast of Reggio Calabria is connected to the airport by a bus service of the Federico Autolinee (www.autolineefederico.it, tel. 0965 644747), which leaves / arrives from / to Caulonia, stopping in the major centers crossed (Roccella, Marina di Gioiosa, Siderno, Locri, Bovalino, Bova, Melito PS, etc.).

By taxi:

The taxi stop is located in front of the passenger terminal.

FIND YOUR WAY IN AIRPORT

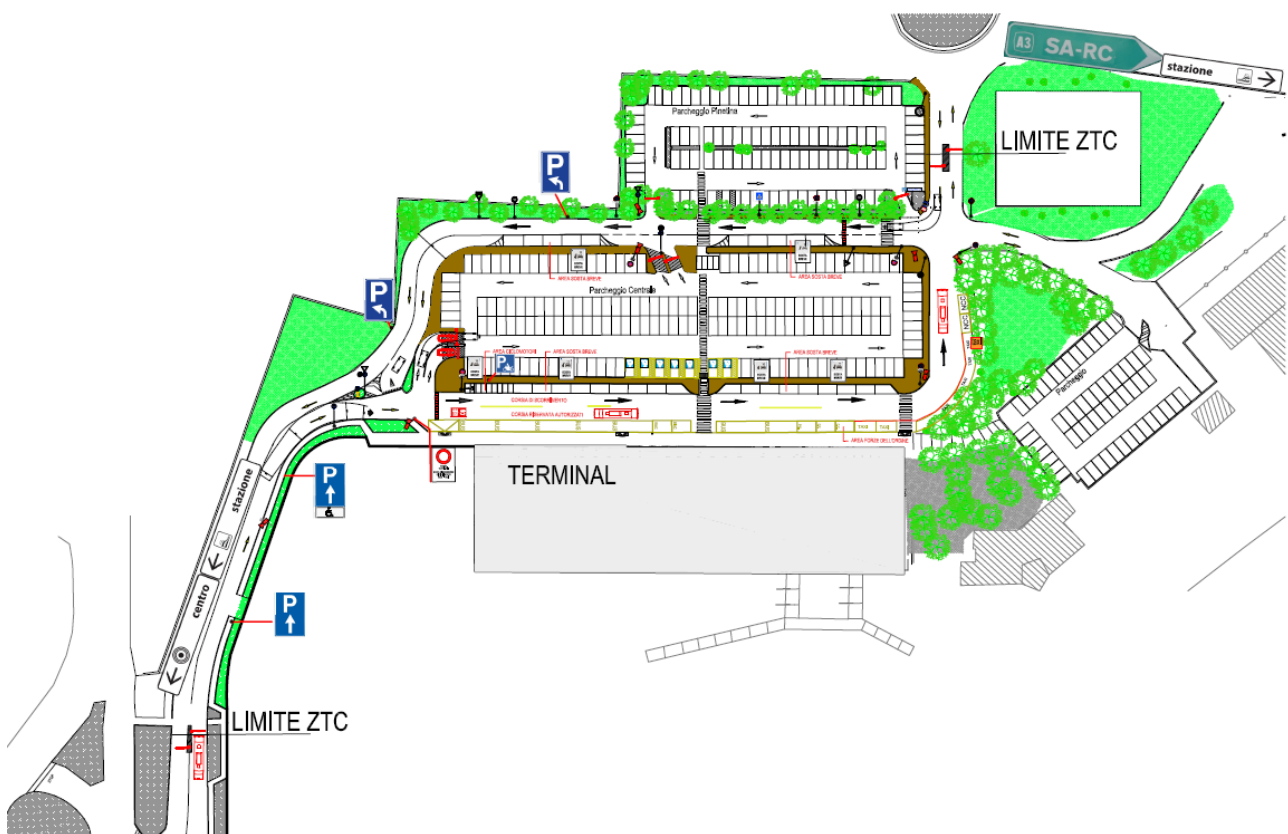

The airport, located within the metropolitan city, look out onto the Ravagnese Province Road, which leads directly to the terminal.

Access to the airport area is regulated by barriers and tickets to access the ZTC (controlled traffic zone). Outside the parking areas, you can stop for free for a maximum of 10 minutes in the spaces identified by special signs.

The offices of airport managing company and carriers operating at the airport are located inside the air terminal.

The parking lots are located in front of the airport and the car rental offices, housed in a dedicated building, are located about 250 m away, at the exit from the airport area.

The following plan will help you to better understand limits of the ZTC, the way forward and to locate your destination.

PARKING

Reggio Calabria airport has two large parking areas, **Central Car Park** and **Pineta Car Park**, with 180 total parking spaces, open **24 hours a day**.

The rates of the Central Car Park are variable depending on the stay, while the Pineta Car Park is usable only with a fixed price pass.

TIME SLOTS	Central Car Park

PASS	Pineta Car Park
Monthly subscription	€ 77.50

Payment for parking in the Central Car Park can be made directly from the automatic tellers installed there, by cash or credit cards from the **Maestro, MasterCard, Visa** circuits. To purchase season tickets, you must contact the operator and payment can be made in cash or by credit card.

A new digital platform dedicated to online parking booking at the airports of Reggio Calabria and Crotona and has been active.

You can book your parking space by connecting to the portal dedicated to parking, via the official SACAL website <https://parking.sacal.it/>:

- Select the desired airport.
- Choose the most suitable parking option.
- Complete the booking and obtain a discount rate.

Inside the parking areas, 8 parking spaces are reserved for passengers with reduced mobility, who have the right to free parking in the reserved parking spaces, upon presentation of the reduced mobility pass together with the parking ticket. In front of the airport, PRMs are allowed to stop in a reserved space for the time strictly necessary to get on/off their vehicle (parking in this space is not permitted).

CAR RENTAL SERVICES

The offices of the car rental companies are located partly inside the terminal, in the arrivals hall, and partly at the exit of the airport area, about 250 meters from the passenger terminal. The parking lots are next to the offices, except for the companies Noleggiare and Sicily by car, which have closer parking spaces in the Pineta car park, 70 meters from the airport.

The companies currently operating at the Reggio Calabria airport are:

USEFUL INFORMATION FOR THE PASSENGER

Check-in of departing passengers

Please note that each airline usually indicates in its Travel Conditions (or General Conditions of Carriage) how much time in advance you must show up at the airport to carry out check-in.

It is advisable to arrive at the airport well in advance to carry out boarding procedures easily. In any case, it is necessary to respect the times indicated by the airline, the tour operator or the travel agent.

Please note that the times indicated by the airlines refer to the start of registration operations at the check-in desk.

Security checks

After completing the check-in operations, to access the boarding area you must perform security checks at the special stations equipped with a metal detector for the control of passengers and X-ray equipment for hand baggage control. To carry out this operation, it is necessary to show your boarding pass and put in the appropriate trays coats, jackets, keys, purses, belts, buckles, metal items, mobile phones, tablets, personal computers.

In hand baggage is only allowed to take a small amount of liquid (creams, lotions, oils, perfumes, sprays, shaving creams, deodorants, gels, pastes, toothpastes) in containers each with a maximum capacity of 100 milliliters or equivalent measuring (100 grams), to be placed in clear and re-sealable plastic bags (maximum capacity of 1 liter) and showed for inspection separately from other baggage.

It is also allowed to bring baby food, medicines in liquid form and syringes when accompanied by a medical prescription.

Both dressed and stored in hand baggage, items that may constitute improper weapons (e.g. scissors, knives, metal files, cutters, screwdrivers, chisels) are not allowed.

To reduce the waiting times at security checkpoints maximum cooperation by the passengers is required. European legislation in force is imperative, therefore, the security officers are obliged to apply it.

Customs formalities

Passenger's personal effects

Passengers departing to non-European countries can carry photographic equipment, video cameras, personal computers, watches, if accompanied by a receipt of purchase. In the absence of these documents, it may want to produce, at the customs office of departure, a statement of ownership to show to return.

Shipping currency

Passengers arriving from or departing to non-EU countries may carry with themselves cash or similar assets when the total amounts are less than 10,000 €. Over this amount, they are obliged to complete a declaration, to be signed and deposited only at customs offices at entry into the State or out of the same. Failure to declare is a violation of the Currency Law and carries a penalty.

For further information on customs formalities, you can consult the "Customs charter for traveler" on www.adm.gov.it website.

Health formalities

Passengers who intend to visit certain destinations should read up on the obligation of vaccination against specific diseases. Therefore, it is advisable to consult your doctor at least 4-6 weeks before departure.

Some nations, for example, require traveler certification attesting to the negativity of antibodies to the AIDS virus (HIV), as a condition to enter their territory, or the Certificate of Vaccination against Yellow Fever (antiamarillic vaccination).

If you decide to travel within Europe, you need to bring with you your European Health Insurance Card (EHIC), which entitles you, in the EU countries and Switzerland, free health care, that is, if necessary, to enjoy the same benefits (medical visits, hospital admissions, etc.) as the nationals of the country visited.

In this period, the health provisions of the various States change frequently, so it is advisable to continuously inquire about the actual possibility of reaching the desired destination before making any trip.

For more information on the health formalities, you can visit the website www.viaggiasesicuri.it updated by the Ministry of Foreign Affairs.

SERVICES AND ASSISTANCE TO CUSTOMER IN THE AIR TERMINAL

At the Reggio Calabria passenger terminal it is possible to use the following services:

- One office for luggage assistance, dedicated to the flights of every Carrier. There is no baggage storage service.
- A “Courtesy Lounge”, where passengers with disabilities or reduced mobility and families with babies can stand quietly, waiting for their flight or any accompanying persons. A free drinking water dispenser is installed in the room. In addition, changing tables for babies are available at some toilets, including the one next to the Courtesy Lounge. From the second half of 2026, the new boarding area will be equipped with a nursery.
- A lost property office, managed by SACAL near the Courtesy Lounge, before security checks.
- A first medical aid station, managed by medical staff. The service is always active during airport opening hours and has ambulance, defibrillator and medication for first responders.
- Catering services, which include a café next to the check-in area, another café in the boarding lounge and vending machines for drinks and snacks in the boarding lounge and in the centre of the airport hall.
- Charging stations for mobile phones, tablets and other portable devices, available in all public areas of the terminal.
- Free Wi-Fi service - SSID “Airport Wifi Free” (registration required).
- Free luggage carts (the coin to be inserted into the coin mechanism is returned when the trolley is placed back in the appropriate collection bays).
- Automatic ticket machines for trains, buses and ships, made available by Trenitalia, ATAM, Federico and Liberty Lines.

Assistance for passengers with disabilities or reduced mobility

For departing and arriving passengers with disabilities or reduced mobility (PRM), SACAL assures full assistance, according to specific safety standards established by current legislation:

- On departure, the passengers who need individual assistance (notified by the airline) are welcomed at the airport by the specialized staff of the Courtesy lounge. PRM are assisted during check-in and accompanied through security, designed to accommodate passengers with wheel chair and/or pacemaker, and then up at the boarding gate. If necessary, for the transfer board a special passenger lift (ambulift) is put at their disposal.
- On arrival, when the airline notifies to our airport the presence of a passenger who needs assistance, after landing a SACAL attendant facilitates the disembarking of PRM through the

use of an ambulift. The passenger is then accompanied to the baggage claim and then to the designated drop-off point, from which he can continue to reach the desired destination.

You can contact the dedicated structure through the following references:

Tel: 0965 029472 - e-mail: prm.reg@sacal.it – aoc.reg@sacal.it

Further information on assistance to PRM is available in the "Special assistance" section of the website <https://sacal.it/it/services/assistenze-speciali-reggio-calabria/>, which is accessible for different types of disabilities.

Assistance for minors traveling alone

For children aged 5 to 12 years departing by air alone, at check-in an accompanying person must declare to the clerk their personal details and leave a release filled in all its parts, specifying the identity of the person who will pick up the child at the destination airport. The child is provided with a transparent document (to be kept in a sling for the whole duration of the journey) in which are inserted all the documents required for the trip. When these formalities are completed, the minor is accompanied on board the aircraft by an airport operator and entrusted to the Chief of the aircraft crew, who is given a copy of the documentation related to the child.

Airport of destination is sent a communication with notifying the assistance needs.

Small incoming travelers are assisted during disembarking by an airport operator that accompanies them at the exit, until the reunion with the person specified on the child's travel documents.

Services and assistance for travelling families

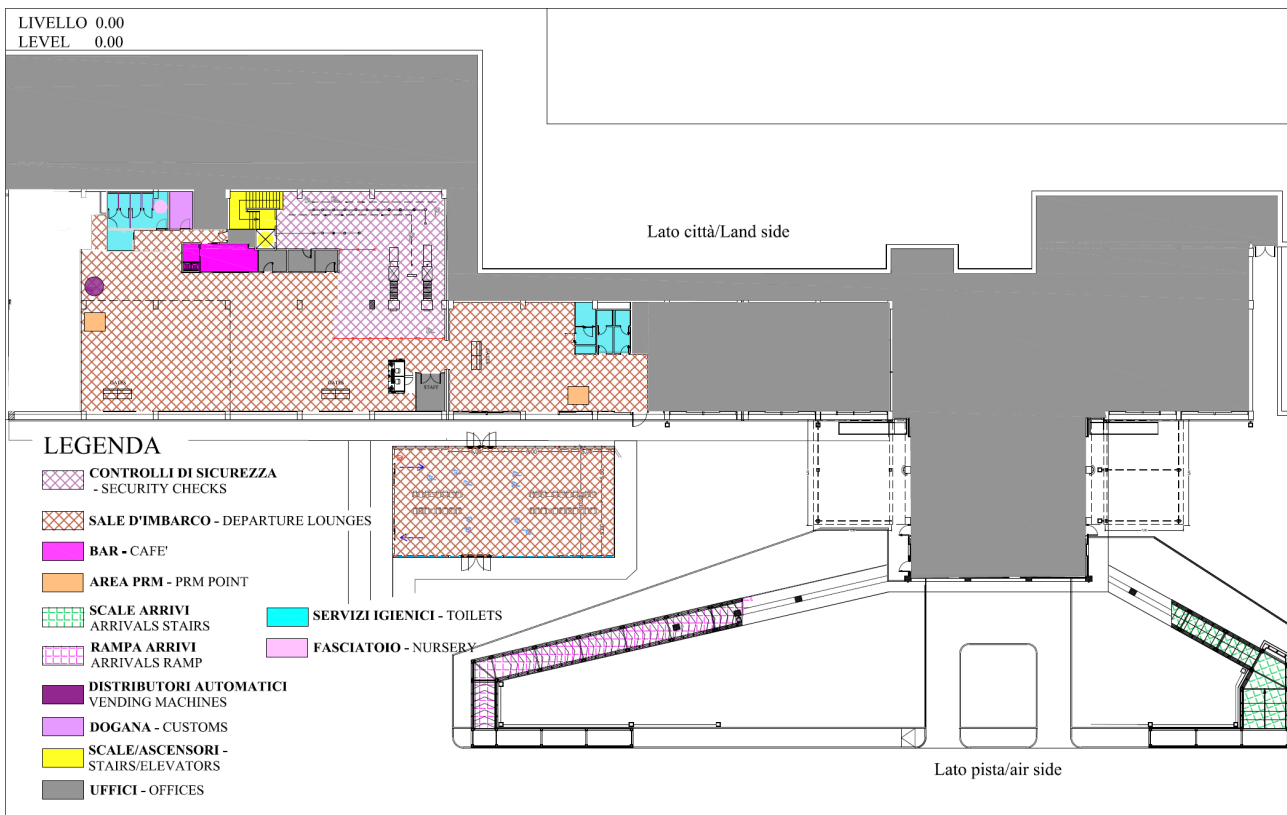

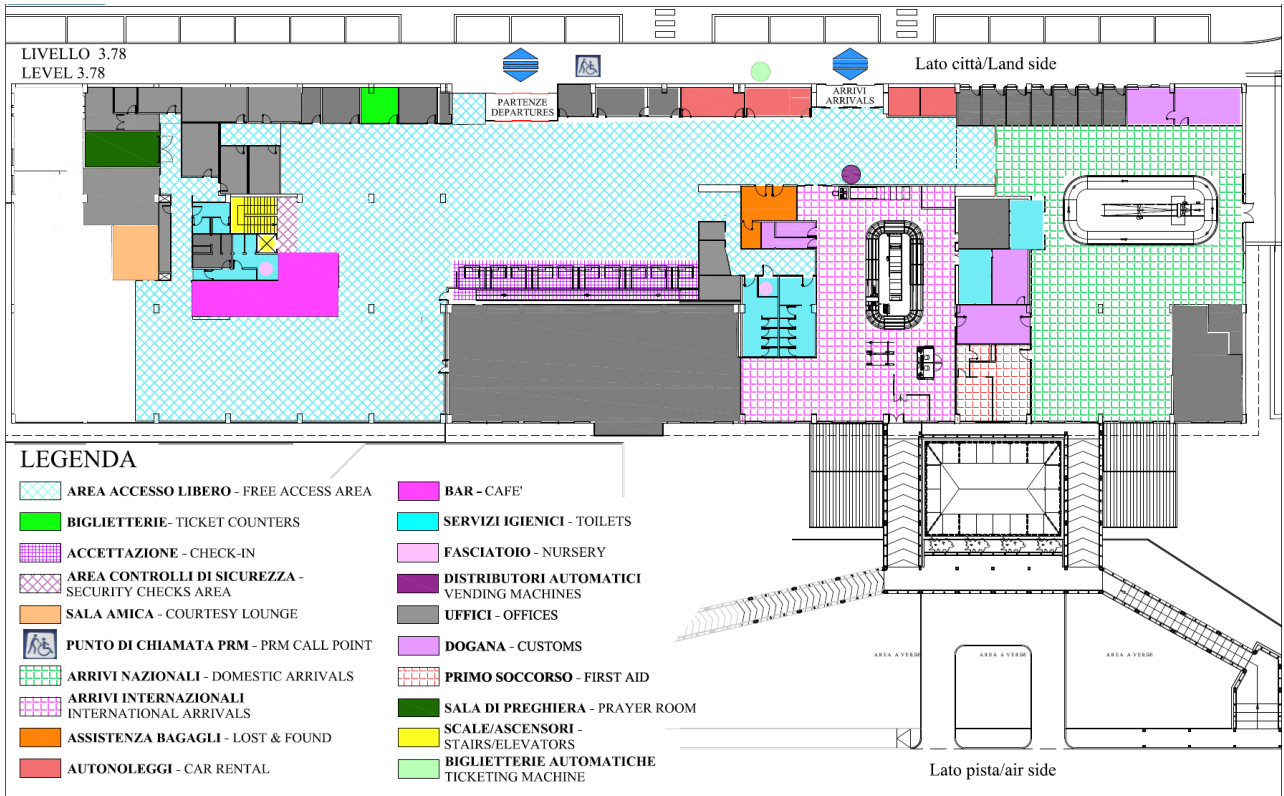

- ✓ Changing tables: In the airport there are toilets equipped with special changing tables for the care of little ones.
- ✓ Strollers: Unless otherwise indicated by the airline you are travelling with, you may take your stroller through security and up to the gate. In this case, the stroller must be labelled at the check-in desk and may remain available to family members until boarding, with the stroller being handed over to the assistance staff at the side of the aircraft. Alternatively, the stroller may be loaded onto the plane in advance, upon request to the check-in staff, who will label it as hold baggage; in this case, the stroller must be handed over to the oversized baggage desk in the departure security check area. From that moment on, the stroller will no longer be available to the passenger until the baggage is returned to the arrival airport. At the destination airport, the stroller will be returned upon exiting the aircraft or in the baggage reclaim area (ask the flight attendants).
- ✓ Liquids and food for babies: In the case of carrying food for babies and children, exceptions are permitted with respect to the limits of liquids that can normally be carried through security

checks. In these cases, it is permitted to exceed the limit of 100 ml (3.4 ounces) and carry the products even if they are not contained in the transparent plastic bag with a capacity of 1 liter. The exception is valid for the quantity of food and liquids necessary for the duration of the trip and the needs of the baby. These products must however be presented separately from hand luggage, before security checks.

- ✓ Assistance with meals for children: The cafes offer, upon request, the possibility of heating baby bottles and baby food in the microwave.
- ✓ Pregnant women: In case of pregnancy, it is always advisable to inform the Airline of your condition at the time of booking and request the necessary documentation, especially in the last four weeks or if you are in particular conditions such as a high-risk pregnancy or twin pregnancy. Pregnant women are not exempt from the metal detector x-ray check unless they have a medical certificate prescribing the exemption.
- ✓ Assistance for a single adult travelling with young children (especially newborns): In the event that accompanying very young children limits the passenger's mobility in the airport, upon request, assistance can be provided for carrying luggage, so that the accompanying adult can concentrate on caring for the children.

The following maps will help you find the different services available on the various floors of the air terminal. During the current year the airport will undergo changes, so the floor plans will also be modified in accordance with the changes that have occurred.
